Thanks Patty. I'm free on the 10<sup>th</sup> between 4 and 5pm.

Before we get on with Bill, I'd like to have a conversation with Urs and his manager about the account. Since we don't have a contract here, and it does not seem like we are progressing toward one, we need to decide how we approach Pfizer. For example, if we pull all the current business, including the EMEA voice services into one AME contact point, and the result of this is that we are asked to update the contract terms or renegotiate the deal, then this is a bad outcome for Orange.

It may be inevitable. But I'm cautious not to force a decision that will result in a lost client.

Thanks,  
Adam

Hi Adam,

For our call with Bill Barnes.

Your calendar looks open on 12/10 from 4-5PM so I can request that time slot for our call.

Also, Bill had already sent us an email requesting single team support globally for Pfizer, attached. Do you think this is sufficient to take back to EMEA team on global teaming changes for 2021?

Thanks

Hi Bill,

I hope all is well.

I wanted to follow up from our last meeting and request a follow up session the week of November 30<sup>th</sup> along with my sales director, Adam Kimmick.

Here's a draft of discussion topics I have in mind plus whatever else you'd like to cover:

1. Request for Orange to support Pfizer globally with account team support led out of USA – written request
2. Refresh of USA MSA currently expired and/or go forward plan with EMEA agreement
3. Exclusion of PII privacy amendment and impacts
4. Pfizer voice migration to cloud & roadmap 2021
5. Riverbed monitoring unwind. Proposal for 2021 maintenance renewals on Steelhead, Steel Central and ARS-remote monitoring

Please let me know if you are open to this discussion and I can work with your admin for scheduling.

Thank you!

Patty,

Before scheduling the discussion, I would like to confirm Orange is prepared to consolidate all Pfizer-related activity with a single account manager. If so, please reach out to Lisa to schedule 30 minutes during the second week in November.

Regards,  
Bill

Hi Bill,

Thanks for the time earlier this week. As discussed I looked into the Riverbed EAM monitoring service and it expires effective December 31<sup>st</sup> 2020. Pfizer has already paid Orange in advance for this service.  
I'd like to schedule a follow up call with you to discuss Pfizer's needs surrounding hosted, managed voice solutions. I will add Matt Monroe, specialist in voice and UCC services to speak with you about what we can offer globally and understand your specific requirements more. Please let me know when you can be available in October and we can schedule an open dialogue session.

Thank you,
